HENRY YOUTSEY'S CASE TO THE FRONT

DISCUSSION PRECIPITATED BY STATEMENT OF A PRISON COMMISSIONER.

The following statement given out by the Chairman of the Prison Commission has stirred up the Henry Youtsey matter again:

Frankfort, Ky., March 21.—Daniel E. O'Sullivan, chairman of the Prison Commission, gave out the following statement to-day:

"At the next meeting of the Prison Commission, Tuesday, April 4, I am going to present the name of Henry Youtsey for parole. I have not discussed the matter with my associates and I do not know what view they will take of it. But my duty is clear. The time has come when I must vote to give Youtsey the benefit of the parole law. He is entitled to it by length of service, by continuous valuable work for the State, by the provisions of the law, and by every dictate of fairness and humanity. He has served more than sixteen years for his crime. During my term of office we have paroled 2,300 convicts, guilty of every crime in the calendar, and at every meeting of the Prison Commission we parole some life prisoner who has served less than half the time Youtsey has served. The law under which he was sentenced entitles him to a parole after five years. He has served more than three times five years, and for twelve years he has been eligible.

"I believe in the parole law. It is a wise and merciful law. It has done more to promote discipline in the prison than all other influences combined. It should apply to Henry Youtsey as to every other convict, white or black. Youtsey's crime was the most dastardly in the long record that has drenched Kentucky in blood. Whether he fired the shot that murdered Wm. Goebel, or conspired to assassinate him he was equally guilty and should have paid the extreme penalty. But the jury that tried him gave him a life sentence, and the law entitles him to parole. Youtsey was a mere boy in years, and the cowards who fired his wretched brain and sought to profit by his act are guiltier than he. They are all free, some driven in disgrace from their native State, others gaining political preferment for their share in the murder of Wm. Goebel, all of them beneficiaries of undeserved pardons.

"Youtsey alone is tortured on the rack of a life imprisonment. I believe that the people of Kentucky, irrespective of party, want him paroled. I honor Justice Goebel for his devotion to his brother's memory. His loyalty and his self-sacrifice enoble him. I do not want to open his wounds afresh, but under my conscience and my oath of office I must vote for the parole of Henry Youtsey."

The newspapers of Louisville and Lexington at once wired the two other members of the Board for a statement of their position. Both F. T. Hatchett and M. F. Conley replied that they would vote against the parole.

In response to a request for a statement of his position on the matter of paroling Henry Youtsey, M. F. Conley, Prison Commissioner, gave out the following to the newspapers:

Louisville, Ky., March 22.—"Only an unusual situation could induce me to make a statement about a parole in advance of the Board's action.

"I shall vote against the parole of Henry Youtsey, one of the conspirators and assassin of Governor Goebel, at any time the case may come before the Board while I am a member. I consider assassination the worst of all crimes. It is committed in deliberation, not in sudden passion. Only a demon can contemplate and execute this dastardly crime. The victim has no chance to defend himself, to flee for his life, to beg for mercy, to adjust his material or spiritual affairs, or to send a last goodbye to his family. If the law has any right to inflict the death penalty, surely justice demands its application in all cases of assassination. Furthermore, I believe that in its relation to a people who have made laws to protect life and property, the pardoning of an assassin is a crime against the public.

The fact that all the other assassins associated with Youtsey in his heinous crime have been turned free certainly does not furnish other officials an excuse for committing the same grave offense against justice and against all the guarantees of life that law can give. I would stand against the pardon or parole of any of Youtsey's guilty associates if I had a chance. Then why make an exception in his case? Doubt of guilt is the only ground upon which I would ever vote to parole any assassin. There is none in Youtsey's case. After having been proven guilty he confessed. Not before.

I believe in the parole law, but the Board has wide discretion in its application and is supposed to consider the degree and circumstances of the crime. The assassination of Wm. Goebel and the events following it from the worst chapter in American history. The State was carried to the verge of Civil War.

Youtsey entered the penitentiary in February 1901. He was then 27 years old, a mature man, well educated, the husband of a good woman. In 1912 he broke the prison rules and was reduced in grade, making him ineligible for parole consideration for nine months. Twice since that the Warden has found it necessary to report cases of misconduct against him. He has more

desirable employment in the prison than most other convicts because he is better fitted by education and experience than almost any other man in there. Being a good stenographer he is assigned to office work because his services are worth more to the State there than elsewhere. He is well treated, as nearly all convicts should be.

Justus Goebel, fighting for his life daily against disease, a battle which began before his eminent brother was so ruthlessly murdered, deserves more consideration in this matter at the hands of the officials of our State than all the assassins in or out of prisons. If sympathy and sentiment are to play any part in this case I don't see how it can rest elsewhere than upon this worthy brother, whose life, already carrying the burden of ill health, has been wrecked by the awful crime for which Youtsey has as yet paid only a comparatively light penalty. I deem it proper to state here, however, that no ward has come to me from Mr. Goebel about this case, nor to the Board since I have been a member, so far as I now recall. He has probably regarded such action as unnecessary."

At least one-half of the paroles this Board has granted were the result of a Court of Appeals decision, which left us no discretion. These were convictions under the 1910 law.

Fate of Assassins in Lawrence.

About thirty years ago an assassination occurred in Lawrence county. The victim was a poor man. Conviction on circumstantial evidence was made in the court, the sentence of death was imposed and later inflicted by hanging, which was then the legal method used. The assassin's accomplice was given a sentence of life imprisonment and died in the penitentiary. We do not recall another assassination in Lawrence county since that. Certainly adequate punishment has a wholesome restraining influence upon men mean enough to commit assassination.

Gov. Stanley on Youtsey Case.

The Lexington Leader says:

Governor Stanley this afternoon was asked what his views were regarding the parole of Youtsey. "That is a matter for the board," he said. "I have trouble enough of my own without trying to decide questions which do not concern me. I think the board is quite competent to attend to Youtsey."

TRACY IS MARRIED.

Cards announcing the marriage of Mr. Wm. O. Tracy to Miss Blanche Rudisill Shirey, of Bluefield, W. Va., have been received here. The marriage occurred March 18th.

Mr. Tracy is a civil engineer, well known in this city, and a native of Winchester, Ky.

SUNDAY SCHOOL MAN.

W. J. Vaughan, the noted Sunday school man of Kentucky, was here en route home to Louisa yesterday, from a trip down in Central Kentucky. He says he was at Frankfort during the dying days of the legislature and finally aided in the disinfection of the capital building.—Ashland Independent.

The following marriage license was issued March 21st:

Thomas Campbell, 20, to Ella May, 21. Both of Overda.

PUBLIC SPIRITED CITIZEN DRAGS ROAD

DAVID ELSWICK SETS LAUDABLE EXAMPLE IN LAWRENCE COUNTY.

We are glad to hear of the work of one enterprising citizen of Lawrence county in a direction that would solve the bad roads problem if all others would follow his example.

David Elswick, living on East Fork, was out Tuesday with an improved road drag, putting the road alongside his farm into good condition. The rains had put this road into the same muddy, sloppy condition as all others in this county. His drag was chasing the water off of the road, smoothing the surface, and putting a crown on the road so that the next rain that falls will run off. The parties from Louisa who drove along there say the difference between that piece of road and all others they saw was wonderful.

The success of the road drag used as directed by the U. S. department of good roads, is being demonstrated in many places. In a few counties the farmers have taken up the matter and are not depending upon the officials to build and maintain roads. They are working in harmony and every farmer is dragging the roads adjacent to his farm. Any county will furnish drags on such an arrangement as this. A few days work in this way in each year with a drag, used at the right time, would give Lawrence county better roads than four times the present amount of revenue can produce.

Here is a great opportunity for some of our enterprising citizens, with the aid of the county farm agent, to organize a movement of this kind.

MENTALLY UNBALANCED.

N. B. Ferguson, a well known school teacher of Wayne-co., is now in a Hunt hospital, undergoing treatment. His mind has been unbalanced for some time and the county has sent him to the sanitarium hoping that he may be fully restored.

He is a brother of Messrs. Lindsay and Monroe Ferguson, of this place.

REV. DARLINGTON ELECTED PRESIDENT

OF MORRIS HARVEY COLLEGE AT BARBOURSVILLE, WEST VA.

In a session which began at two o'clock yesterday afternoon and lasted until midnight in the parlors of the Hotel Frederick, the board of trustees of Morris Harvey College elected Rev. U. V. W. Darlington, of this city, president of Morris Harvey to succeed Paul H. Willis, who was not an applicant for re-election. This is an announcement which will create a degree of surprise which will amount to a sensation in the bounds of the Western Virginia Conference of the Methodist Episcopal Church, South, in which there is scarcely any other clergyman so well known as Dr. Darlington. The new president has for the last three years devoted his energies to the upbuilding of Morris Harvey College, the official educational institution of the Conference. When he concluded a pastorate of four years at Johnson Memorial Church he accepted the post of Conference Secretary of Education. He held this post a year and the second year performed the duties in connection with those of presiding elder of Ashland district. During the present year his attention is being engrossed by the duties of the secretarship. During these years he has done substantial work toward the creation of a \$100,000 endowment fund for Morris Harvey, while this year, through a campaign for one dollar subscriptions it has practically lifted the floating debt of the institution.

Morris Harvey College is located at Barboursville, the former county seat, seven miles east of Huntington on the Guyandotte river.

Some regret was expressed that the step meant the retirement of Dr. Darlington from the ministry but it was pointed out that many of the great leaders of Southern Methodism have come up through the church schools.

It was stated when the announcement of the election of Dr. Darlington was made that this would not mean any change in the policy of the school, the board being determined to keep on in the effort to keep the standards of the institution up to those of the church and the state.

U. V. W. Darlington was born in Shelby-co., Ky., August 3, 1879. He was educated in the common schools of his native county and at Kentucky Wesleyan College, where he was prepared for the ministry.

He was admitted to the Kentucky Conference of the Methodist Episcopal Church, South, in 1896 and was made pastor of East Maysville and Washington Stations. His next station was Millersburg, where he spent one year.

The next year he went to Covington, his first important station, where he spent four years, thereafter transferring to the Western Virginia Conference to be pastor of the First Church at Parkersburg.

After Parkersburg he came to Huntington to be pastor of Johnson Memorial church. It was under the inspiration of his leadership that the church erected its present magnificent edifice. No pastor who has served in Huntington has been more deeply loved by his own people than was he—few if any have achieved such popularity without the bounds of his denomination.

He has continued to live in Huntington and is loved and admired by hundreds of people. No selection which could have been made in the matter of the presidency of Morris Harvey could have been more popular than this bids fair to prove.

Dr. Darlington was given his degree, Doctor of Divinity, by his alma mater, Kentucky Wesleyan, two years ago.—Herald-Dispatch.

LAWRENCE COUNTY MEDICAL SOCIETY.

This body held its regular monthly meeting on Monday last at the office of Dr. A. W. Bromley, this city. Those present were Drs. L. S. Hays, of Charley; Jay W. Carter, of Fallsburg; W. W. Wray, of Richardson; and L. H. York and A. W. Bromley. Several matters of professional interest were discussed, and the Society adjourned to meet in Louisa on the third Monday in April.

MORE NITROGLYCERINE STORED NEAR LOUISA.

The Marietta Torpedo company has again deposited a considerable quantity of nitroglycerine near the spot of the recent explosion, two miles west of Louisa. Some objection is being offered by residents of that neighborhood. Certainly there should be better protection around the place than before in order to warn persons who may happen along and not know of the danger. It is too near a public road. What was called a magazine before was nothing more than a box fastened with a padlock, lying out near the road. Boys not knowing the nature of the contents are liable to break into such a receptacle to see what it contains. More security should be required.

PRICE OF OIL INCREASED AGAIN.

Pennsylvania oil in Pennsylvania and West Virginia now brings \$2.60 per barrel, the highest price ever attained. The increase became effective last Friday.

In Kentucky all grades except Ragland increased at the same time to \$1.95, a record price.

MASONS ENJOY GOOD "EATS" AT CHAPTER MEETING.

Friday evening March 17th was the time for holding the regular convocation of Louisa Chapter No. 95, R. A. M. On this occasion large attendance caused by the fact that the Royal Arch degrees were to be conferred upon three persons who had already taken the degrees of Past Master, Mark Master and Most Excellence Master. The candidates for exaltation were Messrs. Ed Wellman, B. J. Calloway and W. L. Ferguson, all of this city. The degree was conferred in a splendid way by Companion Geo. P. Ginn, State Inspector of Ashland, assisted by several others of the same place, and local Companions. At the conclusion of the ceremonial part of the session, the auspicious event was fittingly supplemented by the serving of a superb luncheon, which consisted of delicious turkey and the usual trimmings. This was the central attraction of the feast, for feast it really was, but going with this center piece was everything in the edible line which could be thought of to make the repast a bountiful and luscious one. It was partaken of by about forty companion Royal Arch Masons, who were unanimous in voting the whole affair a pronounced success. "Honor to whom honor is due." The host at this elegant "spread" was Companion Geo. R. Burgess, who provided and had served at his own expense this elegant midnight supper.

RAILROAD PLANNED FOR KNOTT CAPITAL.

Whitesburg, Ky., March 17.—Local people of Hindman and Knott county are starting a subscription campaign with which to build a narrow gauge railroad line from the mouth of Jones' fork on the Beaver creek branch of the Chesapeake & Ohio railroad to Hindman, twenty miles, and, as planned, actual construction will start this spring. Already over \$100,000 has been subscribed, and other contributions of considerable size are yet in sight and will be made within the next few days.

H. C. Francis, a young business man of Hindman, fostered the idea, while the business interests of the town are contributing liberally.

The new road will prove a great benefit to the town so far remote, and will give a market for many of the products of the county, while it will enable the merchants to get their goods at their doors instead of a twenty-mile haul over rough, almost impassable, mountain roads during the winter months. Hindman is sure of the road, and there is great rejoicing among the inhabitants of the long neglected town.

THE COURTS.

The regular spring term of the Law-Fiscal Court will begin Monday, April third. It will sit as a Court of Claims.

The Lawrence Circuit Court will begin April 10th. There is every prospect for a busy term.

REAL ESTATE DEAL.

Garred S. Wilson has recently purchased the property now occupied by Eldorado theater. The lot has a depth of about 120 feet, with an outlet to Perry-st. The purchaser does not expect to occupy it for some time. The location is a good one.

SUDDEN DEATH OF SHERMAN PIGG.

NATIVE OF LOUISA DIES AT HIS HOME NEAR CINCINNATI.

Sherman Pigg, 50 years old, Delhi, farmer, died suddenly at his home yesterday. He had been ill a week and yesterday took medicine prescribed by a physician. He died an hour later. Mrs. Pigg said he died during a convolution. Dr. B. Lehman, who was called after the man died, told the coroner that death probably was due to natural causes. The coroner will investigate.

The body was accompanied to this place by Mr. Pigg's wife and daughter. The deceased was born in this city 52 years ago and was the son of Thomas Pigg and is survived by his father, one brother, two sisters and three children. The past ten years he had been living near Delhi, Ohio, a suburb of Cincinnati. He was well known here as a quiet, industrious man and an excellent carpenter.

There was no inquest held over the remains.

It is said that Mr. Pigg's death was caused by lockjaw, which resulted from the loss of a finger in a saw mill where he was at work.

MR. BOWLING DOING NICELY.

Mr. N. N. Bowling, of Louisa, who went to Rochester recently for treatment by Mayo Bros., writes that he is getting along splendidly and expects to be able to return home within a week. Mr. Bowling is one of Lawrence county's splendid young men and his hosts of friends there will be glad to hear this good news from his bedside.

REDISTRICTING LAW TO BE FOUGHT IN COURT

NEW DISTRICT DECLARED TO BE PROHIBITED BY CONSTITUTION.

Frankfort, Ky., March 22.—Opponents of the new Thirty-sixth judicial district, which takes Wolfe out of the Twenty-third, Morgan out of the Thirtieth-second, and Magoffin out of the Thirtieth-first, probably will institute proceedings as soon as the bill becomes a law to establish what they consider its unconstitutionality.

Section 128 of the Constitution says on this subject: "The number of said districts, excluding those in counties having a population of 150, shall not exceed one district for each 60,000 of the population of the entire State."

Outside of Jefferson county are 2,026,685 people in Kentucky and dividing it by 60,000 allows thirty-three and a sufficiently large fraction for thirty-four judicial districts outside Jefferson county, according to the contention of the opponents of the new district.

BREATHITT DEMOCRATS

Among Those Most Bitter Against Change in Districts.

Winchester, Ky., March 22.—Hundreds of Democrats from the counties of Carter, Lawrence, Elliott, Morgan, Floyd, Knott, Magoffin, Breathitt, Lee, Estill and Wolfe are urging Gov. Stanley to veto the bill for the establishment of the proposed Thirty-sixth judicial district, which was passed by the late Legislature, stating that it will render all the districts proposed to be changed Republican and cause the new Thirty-sixth to be a Republican district.

Breathitt county alone sent an urgent petition signed by 2,000 Democrats urging the Governor to veto the bill, which they say will work a great hardship and injustice on the good Democrats of all these counties. They further state that all districts from which the Thirty-sixth district is proposed to be taken are at present Democratic whenever good nominations are made by the Democratic party. Scores of Democrats have been passing thru Wincheter during the last few days to protest against the measure.

You will find CERTAIN-TEED affording equal protection from the snow and ice of the Arctic, and the sun and rain of the Tropics. It is literally "the roof of the world".

Making roofing is the General's chief business. He makes one-third of all the roll roofing made in America—thirty-nine other manufacturers make the balance. Such predominance is due to the General's ability to make the highest quality roofing at the lowest cost.

Every advantage that men, money, mills and machinery can offer is used to increase production, maintain quality and lower the cost. The result is that today CERTAIN-TEED, the world's best quality, costs less than inferior roofing cost ten years ago.

CERTAIN-TEED is made of the best quality roofing felt, thoroughly saturated with a scientific blend of soft asphalts, the formula of the General's board of expert chemists. It is then coated with a blend of harder asphalts, which keeps the inner saturation soft and prevents the drying-out process so destructive to ordinary roofing.

CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it lasts longer.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

Father And Six Children Burn. Wife And Baby Saved.

Keyser, W. Va., March 17.—Seven persons were burned to death, two others were seriously injured by jumping from a second story window and four others had narrow escapes when fire destroyed the home of Ellsworth E. Fout, aged 48, a farmer, at Claysville, near here, early today.

The dead:

Ellsworth E. Fout: Mrs. William Shearer, aged 18, eldest daughter of Fout; Minnie Fout, aged 14, Bella Fout, aged 10; Margaret Fout, aged 8; Thomas Fout, aged 6; Ollie Fout, aged 4. Fout lost his life in attempting to rescue his six children after having carried his wife and their infant son to safety. William Shearer tried to rescue his wife and baby but was finally compelled to jump from a window. He is in a critical condition. David Fout was also injured while at-

tempting to rescue other occupants of the house. The fire was caused by a defective flue.

Quits Baseball Career.

Ann Arbor, Mich., March 7.—Pitcher Charles Ferguson of the Philadelphia Americans will not join the Athletics this season, but still continue to practice law at Wayne, West Va., according to a letter to a friend here today.

Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

BLUE EYED BOY.

Husband and Wife Both Saved From Suffering

I wish to tell you the good results myself and husband received from Dr. Kilmer's Swamp-Root. About eleven years ago I had a severe attack of La Gripe and was confined to my bed about eight weeks under the doctor's care. He pronounced my case kidney trouble and rheumatism and not receiving the results from the doctor's treatment I should have received, I decided to try Swamp-Root. After taking several bottles of Swamp-Root I was able to get up and attend to my work. About a year later my husband was affected with a severe attack of kidney trouble and doctored for some time with the doctors and received no benefit. Knowing of the good I had received, he decided to try Swamp-Root. His condition was such that he was confined to his bed and words cannot tell how he suffered, but after taking Swamp-Root he was relieved so he could go on with his work without pain. I wish to heartily recommend Swamp-Root to all persons afflicted with kidney and bladder trouble and you may publish this letter if you wish.

THE HOME CIRCLE AND ITS INTERESTS.

Column Dedicated to Tired Mothers as They Join The Home Circle at Evening Tide.

The Old Motto.

We found it in the attic where it long had lain away; The dust had veiled the letters in a shroud of misty gray. A spider's web was tangled in its odd fantastic weaves. Across the frame whose corners were hand carved in oaken leaves, old discarded motto—it was worked in green and red on perforated cardboard, and "God Bless Our Home," it said. "God Bless Our Home"—and loving hands reach out from all the years, hands that always reached to help, that wiped away our tears, And now we know full well that when this motto held its place They meant the faded prayer that today we slowly trace; That every morn of work to do, that every night of rest, The good old home was by some mystic benediction blest.

—W. D. Nesbit.

To Our Young Lady Reader.

To the young ladies who weekly read this column, we are moved by the good spirit to write a few words concerning their duties to their mothers. It may be you have noticed a careworn look upon her face lately. Of course it has not been brought there by any act of yours; still it is your duty to chase it away. Would it not be a happy surprise to her if you should say:

HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles?

Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows.

Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat.

Scott's is prescribed by the best specialists. You can get it at any drug store, Scott & Bowe, Bloomfield, N.J.

casionally bid her sit down and rest while you performed the arduous duties in hand? And how a tender kiss on her mouth will cause her dear face to brighten. Anyway you owe her a kiss or two. Away back, when you were a little bit of a girl she kissed you when no one else was tempted by your fever tainted breath and swollen face. You were not so attractive then as you are now. And through those years of childish sunshine and shadows, she was always ready to cure by the magic of mother's kiss, your little, dirty, chubby hands whenever they were injured in the first skirmishes with the rough old world.

And then the midnight kiss with which she rouged so many bad dreams as she leaned above your restless pillow, have all been on interest these long, long years.

Of course she is not so pretty and kissable as you are; but if you had done your share of the work during the last ten years, the contrast would not be so marked.

Her face has more wrinkles than yours, and yet if you were sick that face would appear far more beautiful than an angel's as it hovered over you watching every opportunity to minister to your comfort and every one of these wrinkles would seem to be bright wavelets of sunshine chasing each other over the dear face.

She will leave you one of these days. These burdens, if not lifted from her shoulders, will break her down. Those rough, hard hands that have done so many necessary things for you, will be crossed upon her lifeless breast.

Those neglected lips that gave you your first baby kiss will be forever closed, and those sad, tired eyes will have opened on eternity, and then you will appreciate your mother; but it will be too late.

Unkind words do as much harm as kind words. Many a heart has been wounded beyond cure, many a reputation been stabbed to death by a few little words.

The woman who has a home and keeps it well, has no narrow sphere in life. In the home is the hope of the nation and the church.

This world is but the stepping stone of an immortal life. Every action of our life touches on some chord that will vibrate in eternity.

Times are not near so hard with some men when they want a plug of tobacco as when their wives ask for a pair of shoes.

The strength of a nation is in the intelligent and well-ordered homes of the people.

No one is useless in this world who lightens the burdens of it for another.

How much of your success do you owe to your wife? It is only just to own this fact before her day by day. It will make her happy and keep her youthful.

He is a selfish being who, having trouble in his trade or calling or profession, always brings his troubles home for the purpose of making every one else miserable.

Three things to cultivate—good books, good friends and good humor.

Don't scold your wife. If you must scold somebody, scold us.

The past is fixed. No tears can wash away its facts. We should waste no regrets upon it; but from the wisdom of my very sins have taught us, we should start afresh on the race.

Let the path of life start whence it may, and let the way be steep and thorny if it must, there are sunny fields far up the heights for those who have faith and resolution to climb them.

OUCH! LUMBAGO PAIN! RUB BACKACHE AWAY

INSTANT RELIEF WITH A SMALL TRIAL BOTTLE OF OLD "ST. JACOB'S OIL."

Kidneys cause Backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain and the quickest relief is soothing, penetrating "St. Jacob's Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacob's Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacob's Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

complaints for corns. Here's some "Gets-It" and just wonderful how easy, clear and clean it makes any corn come right off. Takes but a few seconds to apply. It dries at once. Put your sock on right over it, there's nothing to stick or roll up, form a bundle or tie a toe, or press on the corn. It's painless, as well as being off a log. Now put away those knives, razors and scissors, use 'Gets-It' and you'll have a sweater disposition and no more corns and calluses."

10 CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

DON'T STAY CONSTIPATED, HEAD-
ACHY, BILIOUS, WITH BREATH
BAD OR STOMACH SOUR.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

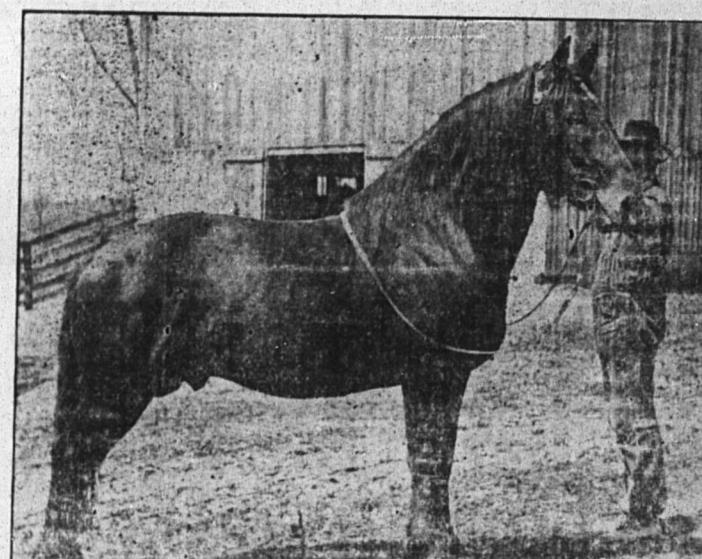

Don't let your stomach, liver and bowels make you miserable. Take Cascarets to-night; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, bad cold, offensive breath and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.

A CROOK.

A report has come to us that a man representing himself to be C. W. Johnson and living here in town, is going over the country representing himself to be an agent for the Paintsville Post and soliciting subscriptions for same. This man is not even known to us and certainly has never been authorized by us to solicit subscriptions or represent the Post in any manner.

We make this statement so that the good citizens of the county may be apprised of this fact before they are deceived and relieved of some of their "coin."—Paintsville Post.

WM. TAYLOR, of Glenwood, announces that he will be a candidate for Sheriff of Lawrence county, subject to the action of the Democratic party in the next primary election at which candidates for Sheriff are to be nominated.

We are authorized to announce Congressman W. J. FIELDS, of Carter-co., as a candidate for re-election, subject to the action of the Democratic party in the primary to be held in August, 1916. Your support is respectfully solicited.

Friday, March 24, 1916.

Only two Republicans voted against the bill that created a new and unnecessary judicial district in Eastern Kentucky. The others missed a great opportunity to secure a most effective campaign weapon.

The United States troops in Mexico are reported to be near the supposed location of Villa and hope soon to capture the bandit. Indications of the outcome of this movement are not very favorable from all stand points. Many Carranza followers seem dissatisfied with the presence of American troops and serious trouble may yet follow.

At his home in Lee's Summit, Mo., Cole Younger, famous outlaw of the border days, died Tuesday night after a lingering illness. He was 72 years old. Among the robberies he participated in was that of a Russellville, Ky., bank in 1868, when \$17,000 was taken. Also, a Huntington, West Virginia, bank robbery.

**PETROLEUM OPERATION
DURING PAST WEEK SLOW.**

Barbourville, Ky., March 19.—Kentucky-Tennessee petroleum operations have made slow progress during the past few days, new production being lighter and completions fewer than usual. One exception was a strike showing up for 150 barrels daily in the Allen-co. field, this being the only large well drilled during the week.

Operating half a mile ahead of the defined area an Allen county company struck a genuine gusher, oil going over the top of the derrick. This well, one of the best ever drilled in the county, indicates an extension of the pool and will create room for many additional ventures. Only one other strike is reported from Allen county for the week, a moderate-sized oiler being drilled within the productive limits.

Estill county, which has featured Kentucky operations for several months, did little in new production for the week, four new wells with a yield of about eight barrels being reported. Bad roads account for the slump in completed work.

The only noteworthy completion in the northeastern district was a well of fifteen barrels' capacity about a mile removed from the Busseyville district, Lawrence county. This strike will stimulate the search for extensions. The only completion in Morgan county was a duster. No new completions are reported from Wolfe county.

Production for the week approximated 10,500 barrels, an increase of about 2,000 barrels.

**REPORT OF HOME
DEMONSTRATION WORK.**

MONDAY:—Meeting at Yatesville school. Great interest was shown by few present and am sure one of the best clubs should be there.

TUESDAY:—Through the East Fork neighborhood interest was shown and there is promising material.

Glenwood was visited and has a promising outlook if the girls will just become interested.

WEDNESDAY:—Fallsburg. Found interested Demonstrator and am sure the people of Fallsburg should profit by the works of the past season and also by the coming one.

Misses Collingsworth are the kind of demonstrators I like to find, willing to tell to others that which they have learned.

THURSDAY:—An office day of this week. Shall be glad to receive calls, both phone and personal calls from those interested.

FRIDAY:—At 10 o'clock shall meet with Louisa Public School to organize clubs. Also, hope to organize at the Normal and Callahan school.

SATURDAY:—At Kise. Shall be glad to meet all mothers and girls of community of Mr. Lee A. Garred's.

MISS PAIRLEE DAVIS.

KILLED BY MOTORCYCLE.

Ashland, Ky., March 20.—Samuel, the 6-year-old son of George Couch, while crossing the streets was run into by Russell Campbell, who was riding a motorcycle and was so badly injured that the child died before the automobile in which he had been taken could reach the hospital. The accident happened in front of the child's home. The father of the child came here three weeks ago from Beattyville, Lee-co., to work at one of the public works. The child will be taken back to Beattyville for burial.

The foregoing is published not only as a matter of news, but as a warning to the speed maniacs of Louisa whether they be automobileists, motorcyclists, or horsemen. When the streets are in fair condition scarcely a day passes without some violation of law against fast riding and driving. At times there seems to be an utter disregard on the part of some, of human life. True, no accident like the one narrated in

the foregoing has ever occurred in this city, but no one knows when such things may happen here unless riders and drivers pay more attention to rights of pedestrians.

CORPS AGAIN AT GILBERT.

The reappearance of a big corps of engineers at Gilbert, Mingo-co., and working up the Guyan river, has within the past few days served to revive reports that plans for extensive railroad development in the Logan-Wyoming-Mingo field are impending.

There is apparently no reason to disbelieve that tripartite extension converging on Gilbert have been abandoned, and some authoritative predictions from sources apparently close to the statement that work would be started within sixty to ninety days. Previous reports were to the effect that the Chesapeake & Ohio would extend its line from Man to Gilbert, the Virginian from Mullens to Gilbert, with a Norfolk & Western extension from Wharncliffe. Maps of proposed routes have been filed, it is said. Apparently connection with eastern Kentucky is also included in the plans.—Herald-Dispatch.

PLENTY OF ASPIRANTS.

That the Republicans intend to have a general free-for-all in the race for Judge of the Court of Appeals in the Seventh district this year, is evident from the number of announced entries this early in the game. These include Judge H. C. Faulkner, of London; Judge A. J. Kirk, of Paintsville; Judge G. W. Gourley, of Beattyville; Judge Flem D. Sampson, of Barbourville, and former Senator H. H. Smith, of Hindman. S. S. Willis, of Ashland, is another prospective aspirant for the appellate bench in this district and others are yet to come. The Seventh Appellate district takes in practically all of Eastern Kentucky, and it is normally Republican by a big majority.—Louisville Times.

MENTIONED FOR PLACES.

Since the Legislature has created the new Thirty-sixth judicial district of Magoffin, Morgan and Wolfe counties speculation has already begun as to who will get the appointments as Circuit Judge and Commonwealth's Attorney of the new district to serve until the regular election. Former Circuit Judge D. W. Gardner, of the old Magoffin-Knott-Floyd district, is regarded as a strong probability for the bench of the new circuit, and State Senator Charles D. Arnett, of Morgan county, is a "hot tip" for the first Prosecutor.—Louisville Times.

AMOS DAVIS.

West Liberty, Ky., March 20.—"Uncle" Amos Davis, of this city, died last night after about two weeks' illness with grip. He was 82 years old, being the oldest Mason in this county and the oldest travelling man in this section of the State. He was also prominent in politics, having been Sheriff and County Judge of this county, and received the Democratic nomination for Congress in this district, but was defeated by John W. Langley.

CAREY-REED CO.

The following from the Lexington Leader refers to the company of which the active head is George B. Carey, son of Wm. Carey, of this place:

The Carey-Reed Company, of this city, received notification today that it had been awarded the contract by the Maysville city council to construct Second-st. in that town with asphalt. The contract will comprise approximately 15,000 yards of sheet asphalt and the cost will be about \$45,000. It was stated at the office of the company here today that work on the job would be begun at as early a date as practicable. The company is now completing a contract near Charleston, West Va., and will move its machinery from there to Maysville.

Mrs. G. W. Atkinson returned Sunday from Huntington, where she had been for the past two weeks as the guest of Mr. G. R. McDaniels and family. Mrs. McDaniels, who is a sister of Mrs. Atkinson returned a few days ago from a Baltimore hospital much improved in health. Her physician, Dr. R. Hardwick thinks she will have a speedy recovery from a very serious operation.

PENNSYLVANIA OIL

Reaches Highest Price Paid For It in Twenty-One Years.

Pittsburgh, March 17.—Another advance in the price of crude oils at the opening of the market this morning carried the Pennsylvania grade to \$2.60 a barrel, the record, which was last paid on April 15, 1895, when it was maintained for only 24 hours. On that occasion it reached to \$2.40, but there is no such movement in prospect now according to leading oil interests.

Other new prices named today were: Cabell, \$2.12; Mercer black, Newcastle and Corning, \$2.10; Somerset, \$1.95 and Ragland, 30 cents. This is an advance of 10 cents a barrel on each grade except Ragland, which advanced five cents.

Failure of repeated advances through the past several months to increase the supplies of crude available for refineries is given as the cause for the advance. Drilling has been resumed through the principal producing sections of West Virginia and Western Pennsylvania, but no important wells have been reported. Refiners, however, expect to replenish their tanks, they say, from the oil held in storage and which they felt was being held by producers for \$2.50. Now they feel that little short of \$3 a barrel will move this reserve.

THE HOME DEMONSTRATOR.

Miss Davis, the new county Home Demonstrator, has set about her work with an intelligent industry which is very commendable and which will no

doubt be productive of much good. Since the hour she began her labors in Lawrence county she has employed every week day in attending to the business which she came here to do. Bad weather and worse roads did not stand in her way for one moment. She is making a house to house campaign, becoming acquainted with the people and everywhere making friends. On Saturday last for instance undeterred by mud and wet weather she went to the Anderson Moore neighborhood on Little Blaine and at the Leducio school house addressed a crowd of about forty people, speaking on the work which she expected to do and showing as far as she could in words, fitness for the position. She will visit every part of the county, and at the proper time make practical demonstrations of her work.

Mr. Young, new County Agent, is also a very busy man, and shows his knowledge of his business and a familiarity with all its details.

At Williamson, West Virginia, Harry F. Hope, local contractor, was awarded the contract for the erection of a two story brick building, to be used as a high school, for the approximate sum of \$17,000.

It will be recalled that a tax levy was voted by the district last year appropriating \$22,000 for this purpose but until recently no active steps have been taken in the matter.

The high school will be located on the district public school grounds. It will add greatly to the development of education interests in the county.

**HOMER SMITH LOST LEGS
UNDER C. & O. TRAIN.**

Homer Smith, a C. & O. car repairer, who lives over the Griswold grocery store on north Second-st., was thrown beneath a C. & O. freight train in Russell, Monday afternoon, and lost his right leg, and received other injuries that may prove fatal. Smith had quit work and got on the freight train to ride up to the depot and it was when he jumped off the train that the accident occurred. He was taken to the Keller hospital.—Ironton News.

ROVE CREEK.

The death angel visited our locality on the 14th day of March 1916, and entered the home of Mr. and Mrs. Dee Vanhorn, and claimed their dear little baby, Charlotte See. She was a year old and was a bright and sweet loving little one, loved by all who knew her, and leaves father, mother, two sisters and four brothers to mourn her death. Weep not, dear parents, for Charlotte is at rest. Prepare to meet her on yonder peaceful shore where no pain or death can enter and sorrow be no more.

The golden gates were opened wide. A gentle voice said "come." And with farewells unspoken she calmly entered home.

A very high wind prevailed over most of the country Wednesday, in some sections doing much damage. In this city part of the roof of the Louise mill was blown off. Many trees were blown down, others had big branches torn away. Much good was done, however, in the matter of drying up the mud. The mercury dropped 25 degrees in less than as many minutes. It was a typical March day.

DESTROYED BY FIRE.

On yesterday the residence of Dr. F. M. Williams was destroyed by fire, the origin of the fire is unknown. When alarm was given, the town people all gathered in and carried most of the furnishings to safety. Considerable excitement prevailed, as it was thought other residences would burn also, but by hard work by the fire-fighters, the fire was confined to this building. Insurance to the amount of \$3000.00 was carried on the building, and \$500.00 on the furniture, it is said.—Paintsville Post.

MARVIN PERDUE GOES TO DEATH ON N. & W. TRAIN.

Marvin Perdue, age 26 years, of Cedro, was fatally injured at 11 o'clock yesterday morning when he fell underneath a Norfolk & Western freight train. He died at 3 o'clock yesterday afternoon in a hospital at Ironon, O.

The tragedy occurred at Franklin Furnace, a short distance below Ironon.

Perdue with two companions boarded the freight train at Kenova,

intending to go to Portsmouth, O. He

was formerly a brakeman on the Nor-

folk & Western.

It is supposed he went to sleep and rolled off a coal car, and under its wheels. His body was terribly injured and he was rushed to a hospital at Ironon on passenger train No. 16. His body was brought to Kenova last night on train No. 22.

Perdue was a son of Ab Perdue, a well known citizen of Ceredo. Marvin

Perdue was married to but later separated from Letta Perdue, who figured in a sensational shooting and subsequent court trial here several years ago. He formerly lived at Hubbard's Branch.—Herald-Dispatch.

**A CHILD HATES OIL,
CALOMEL, PILLS FOR
LIVER AND BOWELS**

GIVE "CALIFORNIA SYRUP OF FIGS" IF CROSS, SICK, FEVERISH, CONSTIPATED.

Look back at your childhood days. Remember the "doso" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physi- simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse other kind with contempt.

**GIRLS! HAVE A MASS
OF BEAUTIFUL HAIR,
SOFT GLOSSY WAVY**

**25-CENT BOTTLE DESTROYS DAN-
DRUFF AND DOUBLES BEAU-
TY OF YOUR HAIR.**

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it thru your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

TWO GIRLS.

PIKE COUNTY NEWS

GOOD ROADS MEETINGS.

The Good Roads Club of the city of Pikeville, which is rendering valuable assistance to the county organization, has held two meetings within the past week, and another will be held tonight. The first was held last Friday evening at the courthouse and the second was held Monday evening of this week.

At the meeting last week, which was presided over by Vice President Z. A. Thompson, the very important report of the Publicity Committee was read to the Club by T. M. Riddle, chairman of the committee. The report, which was adopted by the club in its entirety, recommended that several thousand folders containing reliable figures and arguments on the subject be printed and distributed over the county to inform the people of the excellent conditions under which good roads can now be built. The report also recommended that seven branch clubs be organized in the county, each club to have four of the 28 precincts.

There is only a remote possibility that the people of the county will decide against the issuing of bonds at the special election to be held May 6th; but Judge H. H. Stallard stated to the club that in the event the bond issue should be defeated, which is not at all likely, another election could be called within sixty days after the May election.

PHYSICIAN LOCATES HERE.

Dr. Mark Dempsey, who during past years has been practicing the medical profession on Shelby creek, has moved to Pikeville and is now located in the new I. O. O. F. building on Second-st. Dr. Dempsey is an able physician and is well known throughout the county.

WILL OPEN NEW COAL OPERATION.

James Hatcher is planning to open a coal operation on a 3,000 acre tract of his land at Ivel in Floyd-co., which is only a short distance from Pikeville, and between the waters of Mud and Beaver creeks. The plant will be known as the Big Shoal Coal Co. as it will be located near the Big Shoal.

Mr. Hatcher owns extensive mineral interests in Pike and Floyd and other counties. For the present Mr. Hatcher will manage this plant himself.

BLIND BOY TAKEN TO LOUISVILLE.

Grover C. Fields, aged twelve, who has been blind since birth, was taken to Louisville early this week to become a student at the Kentucky Institute for the Education of the Blind. The boy is the son of the late Babe Fields of Island creek and is a very bright child.

He was accepted at the institution upon the recommendation of Dr. W. J. Walters and other Pikeville physicians. Dr. Walters recommended this course for the child some time ago, but at that time his mother could not agree to let him leave home. Upon the advice of friends she later changed her mind. The boy was pleased with his chance to learn.

REVIVAL A SUCCESS.

The revival meetings which opened at the First Methodist church about ten days ago have been attended with great success. On last Sunday night the auditorium of the church was crowded to its limit to hear Dr. J. H. Anderson of Ashland preach. He returned to Ashland on Monday in answer to a telegram announcing the death of one of the members of his church there whose friends asked that he preach the funeral sermon. On last Sunday morning a sort of matin service was held at six o'clock at which quite a number attended. The daily services have also been well attended and the people are very much interested. Three other ministers are in charge.

OUTING PARTY.

A party of several of the city's young people went to Duty's Knob on a kodiacking expedition last Sunday afternoon. The day was pleasantly spent in the mountains in the beautiful spring atmosphere. The members of the party were Misses Ruth and Mary Crawford, Julia May Paulette, Mary Morgan, Donyssus Price and Elsie Davenport and her guest, Gladys Patterson of Paintsville; Messrs. J. P. Hobson, Edgar and Frank Damron and W. S. Phlegar. They made several interesting pictures.

AFTERSEASON GAME.

The basketball team of girls of the high school played the girls' team of the eighth grade of the public school last Friday afternoon which was the closest in results of any game during the past season. The game was tied at the close, and it was decided to extend it for five more minutes. The score then stood 4 to 5 in favor of the high school team.

It is not likely that there will be any more games this season as it is only a short time until the opening of the baseball season.

FOREMEN IN BRITISH MARINE SERVICE.

John J. Wall and Edward Wiseman, formerly with Armour & Co., at Pikeville, are now enlisted members in the British Merchant Marine service and are foremen of loading crews aboard the armed transport Liddesdale flying His Majesty's flag. Lon Wellman recently received a letter from the boys which was written aboard the Liddesdale at Alexandria, Egypt. They are having an enjoyable time, notwithstanding their daily danger.

HOME BURNED.

The remodeled home of Sherman Carter on Mouth of Buckley's creek, four miles below Pikeville, was burned to the ground in a mysterious manner last Sunday night. Carter lives across the river opposite the foot of Third-st., near Pikeville, and he had all his household goods loaded onto wagons ready to move Monday when the news of the disaster reached him. This is thought to have been the work of personal enemies. It was reported that Mr. Carter had posted a reward for information, etc.

DR. CRAWFORD RETURNED.

Dr. J. Russell Crawford returned to his home here last Monday from Ashland. For several days Dr. Crawford aided Dr. W. C. Condit and Prof. and Mrs. B. F. Butts in a very successful series of revival meetings at Ashland which closed last Sunday night.

NEXT WEEK LAST OF COURT.

In all probability the Pike Circuit Court will adjourn with next week. With this week five weeks of the court will have been held, and next week will complete the sixth as required by law, and it is not probable that an extra term will be held.

KERN GETS DAMAGES.

Early this week the damage suit of John W. Kern against the Borderland Coal Co., of which he was formerly an employee, was tried. Kern, who claimed \$30,000 for injuries of very serious character in the head, was awarded \$5,000 by jury trial. Attorneys for the company have filed motion for new trial, and in the event that it is overruled an appeal may be taken.

MRS. HATCHER ENTERTAINED.

Mrs. F. T. Hatcher gave a six o'clock dinner to a number of her friends at her home on College-st. last Friday. The following were among the number present: Mrs. Oscar M. Vicars and young son Joseph, of Wise, Va., Dr. and Mrs. J. W. Vicars and Miss Helen Corbin of Pikeville, and Mrs. Will F. Clay of Washington state. The latter was the guest-of-honor.

MISSIONARY SOCIETY.

The Woman's Missionary Society of the Presbyterian church met with Mrs. J. F. Record at the Derriana Thursday afternoon at 2:30 for its monthly business session. The object of the Society is to keep in touch with missionary topics and developments at this meeting the subject of Immigration was taken up.

The Men's Bible Class of the Presbyterian church, of which Dr. Record is instructor and A. E. Auxier is assistant, met at Mr. Auxier's home for an informal social and business meeting Tuesday evening. A number of members were present.

LOCAL AND PERSONAL.

Now is the time to swat the fly. It is the stich that saves not only nine but about ninety thousand a little later.

Miss Eva Wellman of Louisa has been the guest of her brother Lon and family on College-st. here for several days.

Ernest Polley left this week for San Francisco to join a body of U. S. troops bound for the Philippine Islands. He has been stationed at Fort Wright, N. Y., for a long while but was recently ordered across the pacific. His wife may also go over a little later.

Carl Akers of Louisa was at Pikeville stopping at a local hotel last Thursday.

C. C. Bowles has returned from a visit of several days to Louisville.

Mrs. O. M. Vicars of Clintwood, Va., has been the guest of Dr. J. W. Vicars and family here during the past week.

Mrs. W. F. Clay of Washington state has been the guest of Mrs. Della Hatchet here for a few days. She recently went to Wise, Va., for a short visit to relatives living there.

Dr. M. A. Lenton of Lookout was at Pikeville on professional business last week.

Miss Bertha Fugate who for several months had been a student at the Pikeville high school, returned to her home in Floyd-co. last Friday in company with her brother Ben.

Joseph Rowlett and family, who have lived here during the past two years, moved to Catlettsburg late last week.

R. G. C. Bentley recently won a beautiful and costly watch as a prize for salesmanship. He is one of the hustling salesmen for the Money-weight Scale Co. and has recently received notice of promotion to the position of manager of salesmen in Kentucky and will be located at Louisville.

J. B. Williamson of Williamson, W. Va., was Saturday of Williamson at Jefferson hotel.

Quarterly court was in session Tuesday and Wednesday, with Judge H. H. Stallard on the bench.

Mrs. James Pinson of Zebulon, this county, was the guest of Mrs. Thos. Buskirk at Pikeville for part of this week.

A. J. May and son Andrew of Prestonsburg were here for a short visit to Judge and Mrs. J. F. Butler Monday.

Mr. and Mrs. Steve Caudill have moved to Charleston, West Va., where Mr. Caudill holds a clerical position in the C. & O. depot.

The steel laying crew which finished the laying of heavy steel to Pikeville last week, were transferred to Shelby where they began to work westward.

BORDERLAND.

Rev. Phillips preached an interesting sermon at this place Sunday.

Mr. and Mrs. Ernest Adams were visiting Mr. and Mrs. Cleve New at Hatfield Sunday.

Mrs. Perline Roskey was visiting her aunt, Mrs. Cynthia Cordill Sunday.

Kem Cordill and John Lock and Misses Vernie Cordill and Alva Compton were in Williamson Sunday.

Mrs. W. C. Harris Seriously Ill.

Dr. Will Callahan received a telegram early Monday morning that Mrs. Jeff Wright, who was severely burned last week trying to save her children from their bed in which a 3-year-old son was crated is getting along nicely and will recover. The little one-year-old child will be released to the outside world, while the parents will be able to get their good without a 20-mile haul over rough mountain roads.

Farm work is much reed owing to the continued bad weather of the past ten days. Farmers prepared to start plowing, making parisons for crops, but severe weather continues some of the worst weather experienced here in years during the last half of March. Farmers of the mounains will strain a point this year to put out large crops, the largest in many years.
